

## Call for one-to-one art is open 6.3.-2.4.2023

We invite you to propose your one-to-one artwork for the Kehä-festival. Kehä is a multi-artistic festival concentrated wholly on one-to-one art. Kehä is located in Oulu, Finland and is held on 28th -30th September.

### We are looking for three kinds of artworks:

1. Private encounters where the artist and “the audience of one” meet in a closed space & artistically stimulating framework.
2. Performances etc. where contact between the artist and the participator can be viewed by a larger audience.
3. One-to-one work with the audience that builds up to an exhibition, concert, etc.

We want to give the artists a freedom to explore different possibilities of the art-form. What interests you right now? What is possible only in one-to-one art? The works can last from a few minutes to a couple of hours.

### Residency

This year, for the first time, we are offering three artists a chance to work in Jokistudio residency in Turku in 11.-24.9. and develop an interesting to a final work of one-to-one art. The works made in residency are presented both in Turku and the Kehä festival.

### The structure of the festival is following:

28.9. The artists participating orientate for the festival & share experiences about one-to-one art.

29.9. Artworks go for a small tour in different places in the social & health sector.

30.9. Works are open to the public all day at the Cultural house Valve.

We pay a 750€ fee for each artist (250€/day). We also pay the travel costs & some material costs. We offer accommodation & meals together. The artists selected into residency are paid an extra 1500 €. There can be two artists presenting one artwork, but we don't have the money to choose many works like this. Unfortunately we can't offer financial support for travels from Outside Finland.

Please tell us about your artwork:

- The name & short description.
- How do you address one-to-one art form?
- The duration of your work and wishes for technique & space.
- What are the material costs for your work?
- Are you applying also for the Jokistudio residency?
- If you are applying also for Jokistudio residency, please tell us why you need this residency space and period?
- Do you need accommodation either in Oulu or in Turku (if applying for the Jokistudio residency)
- Please attach your CV & other material (pictures, videos, sound etc.) you wish us to consider.
- Are you applying only to Kehä festival or also for the residency period?

Please send your proposal to [kehafestivaali@gmail.com](mailto:kehafestivaali@gmail.com)

The call for artworks closes on 18.4. at 23.59. We inform the artists selected to participate by 30.4.

Kehä in Instagram & facebook & on our web page, so far only in Finnish:
